

SAKSHI PAL

Data Analyst | Business Analyst | Python | SQL | Excel | Power BI

+91-7982642410 | sakshipal9953@gmail.com | Sakshi Pal | SakshiPal9953 | Portfolio

PROFILE SUMMARY

Results-driven Data Analyst, Business Analyst, and B.Tech Graduate in Computer Science & Engineering (Data Science) with proven expertise in interpreting large-scale operational records up to 900K+ entries. Adept at transforming complex, unstructured transactional matrices into clean, actionable corporate insights, business metrics, and responsive dashboard configurations. Competent across Python data science stacks, structural database querying, and industry-standard business intelligence frameworks to optimize real-world pipeline execution.

WORK EXPERIENCE

DeepThought CultureTech Ventures Private Limited | Data Analytics Intern

Dec 2025 – Feb 2026

- Engineered enterprise-grade interactive dashboards in Power BI to monitor core company KPIs and track strategic business performance metrics.
- Analyzed extensive customer datasets to uncover growth trends, engagement bottlenecks, and shifting user behavioral metrics.
- Optimized computational overhead and data processing latencies by designing automated reporting workflow scripts.

CRC Department, ABESIT | Data Analyst Intern

June 2025 – July 2025

- Wrangled and normalized over 10,000+ public logistics records using SQL and Excel to maximize data accuracy and structural schema alignment.
- Developed a high-performance interactive Tableau dashboard pinpointing critical geospatial accident hotspots and peak severity distribution patterns.
- Implemented complex calculated fields, parameters, and custom variables to enhance user usability and speed up report rendering speeds.
- Conveyed insights via intentional visual storytelling matrices to assist executive stakeholder evaluation layers.

PROJECTS

Dynamic Job Market Analytics Platform | Streamlit, Plotly

Live App | GitHub

- Created a fully functional data intelligence web app utilizing Streamlit Cloud to scan corporate tool demands.
- Formulated automated text data mining logic via Pandas to aggregate location-specific tech usage metrics (SQL, Python, Power BI).
- Programmed a fluid dark-themed visualization UI utilizing Plotly graph engines for multi-parameter live analytics query filtering.

Quick Commerce Operations Optimization | Power BI, DAX Modeling

GitHub

- Engineered a robust Power BI business intelligence framework evaluating ~900K+ rows of order fulfillment history.
- Structured rolling statistical measures, order weights, and partner processing efficiencies using optimized DAX calculations.
- Assessed route latencies against geospatial distance metrics to diagnose regional warehouse supply chain blockages.

Bank Loan Risk Evaluation Engine | Python, Pandas, NumPy

GitHub

- Built an analytics repository analyzing historical banking allocations to measure consumer risk indices and processing flags.
- Cleaned and calculated correlations between user credit marks, annual income margins, loan parameters, and default distributions.
- Modeled analytical trends through Matplotlib plotting structures to reinforce organizational lending decision mechanics.

Road Accident Geospatial Assessment | Tableau Desktop

GitHub

- Extracted key accident trends from 10,000+ data instances to locate patterns across weather categories and road classes.
- Designed clean interactive dashboard filters to highlight immediate local safety risks and seasonal accident spikes.

SKILLS

Technical Skills: Python (Pandas, NumPy, Matplotlib) | SQL (MySQL) | Excel (Pivot Tables, Power Pivot, Data Cleaning) | Tableau | Power BI (DAX, Power Query, Data Modeling, Dashboard Design)

Analytics Skills: Data Cleaning | Data Preprocessing | Exploratory Data Analysis (EDA) | Data Visualization | Dashboard Development | KPI Design | Business Analysis | Statistical Analysis | AI/ML Fundamentals

EDUCATION

ABES Institute of Technology (AKTU), Ghaziabad

2022 – 2026

B.Tech in Computer Science and Engineering (Data Science)

Saraswati Vidya Mandir (CBSE)

2021 – 2022

Intermediate (PCM)

Saraswati Vidya Mandir (CBSE)

2019 – 2020

High School

CERTIFICATIONS & ACHIEVEMENTS

- Cisco – Data Analytics Essentials
- Winner – Hack-o-Verse Hackathon, ABES College
- Runner-Up – Galgotias International Hackathon, GCET
